

EXPLORE SCIENCE

JANUARY 2019

MATTER OF FACT

Thursday, January 24, 6:30-7:30 pm

ages 5 & up with adult

Investigate the ingredients of the universe, construct your own molecules and experiment with chemical reactions to make your own Mad Science Goo.

MAGNETS: MAY THE FORCE BE WITH YOU

Saturday, January 26, 11:00 am-12:00 pm

ages 5 & up with adult

Families will explore magnetism together in this hands-on lab.

SINK OR FLOAT

Thursday, January 31, 6:00-7:00 pm

ages 5 & up with adult

Learn about buoyancy while experimenting with candy bars.

FEBRUARY 2019

GLOWING GEOLOGY

Saturday, February 16, 2:00-3:00 pm

ages 5 & up with adult

Learn the secrets of fluorescence and phosphorescence and create your own glow-in-the-dark rock.

LEMON VOLCANOES

Tuesday, February 19, 2:00-3:00 pm

ages 5 & up with adult

Make your own volcano out of a lemon and learn the science behind it.

FAMILY FOSSIL FUN

Thursday, February 28, 6:30-7:30pm

ages 5 & up with adult

Learn fun facts about fossils and create one out of clay!
