Savings accounts, money market accounts, time deposit accounts and certificates of deposit will be fully secured by insurance of the Federal Deposit Insurance Corporation or by obligations of New York State, the United States, New York State school districts and federal agencies whose principal and interest are guaranteed by the United States. The market value of collateral will at all times exceed the principal amount of the certificate of deposit. Collateral will be monitored whenever the monies on deposit in any bank exceed \$250,000.00.
 - 2. Collateral will not be required with respect to the direct purchase of obligations of New York State, the United States and federal agencies, the principal and interest of which are guaranteed by the United States Government.

3. Appendix “A” sets forth Eligible Securities for Collateralization of Library cash investments. Neither Surety Bonds, nor bank issued letters of credit will be deemed eligible collateral.

B. Delivery of Securities

1. Payment of funds may only be made upon receipt of collateral or other acceptable form of security, or upon the delivery of government obligations whether such obligations are purchased outright, or pursuant to a repurchase agreement. Written confirmation of delivery shall be obtained from the custodial bank.

C. Written Contracts

1. Written contracts are required for certificates of deposit and custodial undertakings. With respect to the purchase of direct obligations of U.S., New York State, or other governmental entities, etc. in which monies may be invested, the interests of the Library will be adequately protected by conditioning payment on the physical delivery of purchased securities to the district or custodian, or in the case of book-entry transactions, on the crediting of purchased securities to the Custodian's Federal Reserve System account. All purchases will be confirmed promptly in writing to the Library.
2. The following written contracts are required:
 - a. Written agreements will be required for the purchase of all certificates of deposit.
 - b. A written contract will be required with the Custodial Bank(s).

D. COLLATERALIZATION AND SAFEKEEPING

Eligible securities used for collateralizing deposits made by officers of Library shall be held by (the depository *or* a third party) bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities (or the pro rata portion of a pool of eligible securities) are being pledged to secure such deposits together with agreed-upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon a default. It shall also provide the conditions under which the securities (or pro rata portion of a pool of eligible securities) held may be sold, presented for payment, substituted or released and the events of default which will enable the local government to exercise its rights against the pledged securities.

In the event that the pledged securities are not registered or inscribed in the name of the Library, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Library or the custodial bank or trust company. Whenever eligible securities delivered to the custodial bank or trust company are transferred by entries on the books of a federal reserve bank or other book-entry system operated by a federally regulated entity without physical delivery of the evidence of the obligations, then the records of the custodial bank or trust company shall be required to show, at all times, the interest of the local government in the securities (or the pro rata portion of a pool of eligible securities) as set forth in the security agreement.

The custodial agreement shall provide that pledged securities (or the pro rata portion of a pool of eligible securities) will be held by the custodial bank or trust company as agent of, and custodian for, the Library, will be kept separate and apart from the general assets of the custodial bank or trust company and will not be commingled with or become part of the backing of any other deposit or other bank liability. The agreement shall also describe how the custodian shall confirm the receipt, substitution or release of the collateral and it shall provide for the frequency of revaluation of collateral by the custodial bank or trust company and for the substitution of collateral when a change in the rating of a security causes ineligibility. The security and custodial agreements shall also include all other provisions necessary to provide the Library with a perfected security interest in the eligible securities and to otherwise secure the Library's interest in the collateral, and may contain other provisions that the Library's Board of Trustees deems necessary.

E. Designation of Custodial Bank

1. The Board of Trustees will designate a commercial bank or trust company authorized to do business in the State of New York to act as Custodial Bank of the Library's investments.
2. When purchasing eligible securities, the seller will be required to transfer the securities to the Library's Custodial Bank.

F. Selection of Financial Institutions

1. The Treasurer will periodically monitor, to the extent practical but not less than annually, the financial strength and credit worthiness of all institutions and trading partners through which the Library's investments are made.
